EMERGING STRONGER THROUGH INNOVATION

Bharat ConX Expo is one of India's leading international B2B exhibitions for Construction, Infrastructure, Building Materials, Concrete & Cement, Dry Mortar, Construction Equipment, Batching Plants, Construction Chemicals, Precast Technologies, Formwork Systems, Industrial & Commercial Flooring, Scaffolding & Safety Solutions, AI Technologies, TMT Bars, BIM & Digital Construction Software. As India continues rapid urbanization and major investments in commercial, residential, industrial, and infrastructure projects, Bharat ConX Expo provides the ideal platform for companies to showcase innovations, launch products, build strategic partnerships, and explore new business opportunities. With the Government's strong focus on smart infrastructure, sustainable construction, digital transformation, and green building technologies, the expo connects industry leaders, manufacturers, suppliers, contractors, consultants, developers, and decision-makers under one roof to drive growth, innovation, and collaboration.

Bharat Conx Expo is the preferred business to business event connecting industry players to key decision makers. Showcase your product portfolio to thousands of key buyers who are looking for the latest equipment and solutions in the Construction industry.

Exhibitor Profile

- Heavy Industries
- Cooling Towers
- Rolling Mills
- Rolling Mill Machinery
- Furnaces
- Heavy Equipments
- Material Handling Equipments
- Mining Equipments
- Crushing Equipments
- Gear Boxes/ Power Trains
- Power Plants- Thermal
- Renewable Energy
- Mini Power Plants
- Power Plants Equipments
- Power Transmission
- Transmission Equipments
- Heavy Machineries
- Diesel Generators
- Solar Power Plants
- Laser Equipments
- CNC Machines
- Industrial Tyres
- PLANTS & EQUIPMENTS
- Industrial Automation
- Conveyors
- Instrumentation
- Machine Tools, Cutting Tools
- Maintenance Equipments
- Gears and Transmission
- Pumps & Valves
- Storage Solutions
- Safety Equipments
- Hand Tools /Pneumatic Equipt
- Safety Equipments
- Welding Equipments &
- Welding Consumables
- CNC Welding Machines
- CNC Spot Welding Machine
- Arc Welding
- PEB Materials
- Allied Support Services.
- Industrial Electrical Suppliers
- Electrical Equipments
- Transmission
- Transformers
- Electrical Cables / Wires
- Switchgears/ Starters
- Cable Trays / Panels
- Electrical Insulation
- Safety Items
- Electrical Motors/ Power Drive
- Modular Kitchens
- Paints
- Pipes and Fittings
- Promoters / Developers
- PVC/UPVC Pipes
- Security, Fire Safety & Access
- Control
- Stones
- Sanitary ware
- Water proofing
- Water heaters
- Wood working Machinery
- Capacitors/ Circuit Breakers
- Testing & Measurement equipt
- House Hold Electrical Items
- LED Lamps and Products
- Lighting Equipments
- Inverter/ Power Generating
- Equipments
- Battery / Voltage Stabilizes
- Electrical items
- Electronics
- Solar Equipments
- Roof Top Solar
- E-Mobility
- Charging Stations

- Architectural Hardware
- Brick making machinery
- Gensets
- Glass & Glaszing
- Govt. Authorities
- Housing Finance
- Hardware and Coatings
- Brick and blocks
- Cements
- Construction Machinery & Equipments Home Appliances
- CPVC Pipes
- Construction Chemicals
- Domestic Pumps and Motors
- Earth moving Equipments
- Electricals
- Educational Institutions
- Furniture
- Financial Institutions
- Publications
- Plumbing
- Ready Mix - Concrete
- Roofing & claddings
- Software programmers
- Steels
- Kitchen & General Household fittings Solar Energy Technology
- for Building
- Lift & Escalators

Visitor Profile

- Architects
- Building Material Industry
- Builders
- Contractors
- Civil Engineers
- Construction machinery Manf.
- Construction machinery Trade and Service Providers
- Construction Enterprises
- Consultants
- Dealers
- Distributors
- Equipment Rental Companies
- Engineering Companies
- Govt. officials
- Investors
- Interior Designers
- Importers & Exporters
- Property Developers
- Promoters
- Project Managers
- A Structural Engineers
- General Public

BUILDING THE FOUNDATION OF A VIKSIT BHARAT

India's Infrastructure Revolution is Creating Tomorrow's Opportunities

**HON'BLE PRIME MINISTER
SHRI NARENDRA MODI**

“

**Infrastructure is
the foundation of a
developed India.**

India is witnessing one of the world's largest infrastructure transformation programs.

Through initiatives like PM Gati Shakti, industrial corridors, expressways, multimodal logistics parks, smart cities and digital infrastructure, the nation is laying the foundation for sustainable economic growth and global competitiveness.

**HON'BLE CHIEF MINISTER
SHRI YOGI ADITYANATH**

Under the visionary leadership of Hon'ble Chief Minister Shri Yogi Adityanath, Uttar Pradesh has become one of India's fastest-growing investment destinations. Massive investments in expressways, logistics hubs, industrial parks, defence manufacturing, warehousing, urban development and smart infrastructure are positioning the state as a preferred destination for businesses and investors.

Lucknow, the capital of Uttar Pradesh, stands at the heart of this transformation—offering immense opportunities across construction, infrastructure, logistics, manufacturing and industrial development.

**HON'BLE UNION MINISTER
SHRI NITIN GADKARI**

“

**Good infrastructure is
the backbone of
economic development.**

Modern infrastructure not only connects cities but also accelerates industrial growth, strengthens supply chains, creates employment and enhances the ease of doing business.

India's continued investment in roads, highways, logistics and multimodal connectivity is unlocking unprecedented opportunities for industries nationwide.
